\* Minimum value depends on the actual cost of accommodation

**Important notes:**

1. The monthly stipend in the successful applicant's award letter will be based on the fixed sum of living allowance shown in the table above plus the actual accommodation cost that the trainee must provide proof of at least 2 weeks in advance of the fellowship start date. The accommodation estimate quoted by the prospective host supervisor at the time of application is for preliminary information only.
2. Accommodation cost should not be more expensive than the minimum amount shown on the table above, but if an increase to the stipend is required due to more costly accommodation, the fellow can apply for an increase. To do this, the fellow will need to provide written evidence of the actual cost of accommodation to the POGO Secretariat at least 3 weeks in advance of the fellowship start date. In case the host institution is located in the centre of the reference city, an increase to the accommodation allowance above the maximum stipulated in the table may be authorised on a case-by-case basis.
3. If the host city/country is not included in the above table, the POGO Secretariat will calculate the appropriate stipend based on the Cost of Living Index (<http://www.numbeo.com/cost-of-living/>).
4. The living allowance for the successful candidates may be reviewed to accommodate potential raises in cost of living due to inflation in advance of the fellowship start date.
